Summary of awards

Ohio High School Boys Volleyball Grant Awards are structured to encourage participation within athletic conferences, by combined middle school and high school programs, and by individual high school programs.

Categories of awards are:

- Combined High School/Middle School Program Grants
- Individual High School Program Grants
- Athletic Conference Supplemental Grants

Also, additional benefits and services, as described at the end of this document, are provided to grant recipients.

Combined high school/middle school program grants

Because the Ohio Boys Volleyball Council recognizes that sustained viability of the sport is enhanced by introducing younger players to the game, the grant program has additional incentives for school systems to start boys volleyball programs at both the middle school and high school level. The combined monetary awards indicated reflect the introduction of boys volleyball teams at a combination of one middle school and one high school.
